ALBERTA

June 17th, 2011

Lindsey Metheral, Program Coordinator
Agrium Inc.
13131 Lake Fraser Drive SE
Calgary, Alberta T2J 7E8

Dear Ms. Metheral

I write to offer congratulations on your recent receipt of the 2011 Alberta Emerald Award in the Education: Non-Formal category. I was pleased to see Agrium's 'Caring for our Watersheds (CFW)' program win such a prestigious award earlier this month.

I am aware of the project and its importance, highlighted when I was asked to sit on the judging panel for the 'Caring for our Watersheds' Proposal Competition back on May 1st. I left that event with a greater knowledge and respect for the work Agrium has done in this area. It appears others have also recognized this wonderful project and the potential that it possesses.

Please accept my personal congratulations once again and best wishes in all your future endeavours.

Sincerely,
